## Invitation to Webinar on Climate-ADAPT Urban tools on 23<sup>rd</sup> October 2019

Hereby I would like to invite you as a stakeholder interested in climate change adaptation to a sixth webinar on the European Climate Adaptation platform ([Climate-ADAPT](#)). This time the focus of the webinar is on the urban content and urban tools included in the platform.

The invitation is sent to the National Reference Centres on climate change impacts, vulnerability and adaptation in EEA member countries, experts from the European Commission, international organisations, transnational initiatives and cities networks on adaptation, as well as researchers and adaptation platforms managers.

The webinar will be held on 23<sup>rd</sup> of October 2019, 11:00-12:00 CEST.

In this sixth webinar we aim to:

- Promote the use of the Climate-ADAPT urban content and tools, e.g. for: strategic local policy process, awareness raising, planning, etc.
- Disseminate the basic features of the Climate-ADAPT urban tools: the Urban Adaptation Support Tool (UAST) and the Urban Adaptation Map Viewer (UAMV).
- Present a specific local use case of the UAST from a municipality perspective.
- Showcase the functionalities of the UAMV.
- Present and discuss further development of the Climate-ADAPT urban information and the urban tools.

Participants will have the chance to discuss and provide feedback during the webinar which will be recorded and uploaded in the Climate-ADAPT platform.

Please find enclosed the agenda for the webinar and, in a separate document, a briefing paper.

We would very much appreciate if you could confirm your participation for the webinar by registering here:

We are looking forward to receiving the confirmation until the 18<sup>th</sup> of October 2019.

Information and guidance on how to get access to and participate in the webinar will be provided to the registered participants latest by 21 October 2019.

We are looking forward to your participation in the webinar.

Yours sincerely
